

WARNING

Scan the QR code to download the instruction manual; read and follow all safety precautions and instructions before use.

Improper use can cause serious or fatal injury.

To reduce the risk of eye injury, always wear goggles that are rated to protect against droplet / splash hazards according to ANSI Z87.1.

To reduce the risk of personal injury, keep bystanders away when spraying.

To reduce the risk of fire and explosion, never spray flammable or combustible liquids.

Exposure to certain chemicals can cause serious or fatal injury. Always wear rubber / chemical-resistant gloves and boots.

Wear a properly fitted respirator and protective coveralls as recommended in the product label for the chemical being used.

To avoid chemical spillage and even a possible tank explosion, do not over-pressurize! Maximum pressure is 45 psi. Use pressure relief valve to manually release pressure before removing the tank top / pump assembly.
